

**Metals Sector BAT2 Network**  
NAMTEC in partnership with E9 Limited

**Main Aims**

- To help companies within the metals sector in the UK address competitive, legislative and technological pressures
- To initiate and maintain innovative network activities, that address the technology and management needs of participating companies.
- To enhance the personal development of employees of participating companies.
- To encourage participating companies to share ideas and raise the awareness of management and employees to adopt best practice.

**To Be Achieved By**

- Network meetings, site visits and exchanges, benchmarking and sharing best practice, discussion forums, development and dissemination of best practice between participating companies and consultancy projects
- Companies will be recruited to the network by E9 limited with NAMTEC who will undertake benchmarking, facilitate network meeting, provide expertise and advise, disseminate best and better practices. The management of the network, its outcomes and reporting will be undertaken by E9 Limited with NAMTEC in order to ensure that the network successfully meets its goals
